The New Jersey Department of Children and Families funds and administers a statewide network of Family Success Centers operated by nonprofit agencies as neighborhood-based places where any community resident can access family support, information and services, and specialized supports that vary depending on the needs and desires of the community in which they are located. Their function is to provide resources and supports before families fall into crisis.

### Member Service Areas

- Shared Data Management System
New Jersey

Highlights

• Each of New Jersey’s 21 counties has at least one Family Success Center (FSC), and typically more than one, ensuring universal access.

• FSCs in two counties have begun a partnership with NJ State Library to offer STEM (Science, Technology, Engineering and Math) workshops for children.

• 10 FSCs have started a partnership with medical schools that have pediatric residency programs. The residents will work with FSC Directors to offer health-related workshops.
